EUROPEAN MEDTECH ACCELERATOR

A modern and unique ecosystem that puts patients at the center

Strasbourg has long been at the crossroads of trade, innovation, and influence in Europe. Our unique geographic location promotes the natural exchange of people and resources, which in turn, helps transform ideas into impactful solutions. In our city, you will find entrepreneurs, clinicians and industry partners innovating to improve our healthcare system, both regionally and globally.

What makes our ecosystem unique is our unwavering mission to serve the needs of patients and healthcare professionals by creating an environment that facilitates the innovation cycle and nurtures new collaborations.

Expand within our markets and beyond

Our population is aging, and with age comes new challenges for our healthcare system.

By focusing on solving these core problems, we have organized a unique platform for you to collaborate with our hospitals, universities, start-ups,

researchers, incubators, accelerators and investors to experiment and develop, implement and commercialize your innovative solutions.

Simply put, you'll be able to test your concepts and bring your solution to the market faster and more efficiently through our ecosystem.

in the health sector

We will help you achieve your goals

CONNECT WITH OUR HEALTHCARE ECOSYSTEM: HOSPITALS, DOCTORS AND THEIR PATIENTS

To be an effective healthcare innovator, it's crucial to define the unmet needs in the field. We've made it easy to connect with local hospitals, build relationships with healthcare providers, and get access to any resources you need to better define the problem you want to solve. Our hospitals are eager to collaborate and innovate with you.

ACCESS OUR RESOURCES: ASK ABOUT OUR SOFTLANDING PROGRAMS

As a business leader, time is your most valuable asset. Our team has created a straightforward process that starts with evaluating your specific needs. We then use this information to connect you to any appropriate non-dilutive grants, soft-landing programs and other ecosystem resources. Nextmed is here to help you get the most out of your experience and support to turn your ideas into business opportunities.

OPERATE IN A PRIME LOCATION: JOIN OUR COMMUNITY AND BUILD CONNECTIONS

When you set up your lab or office space in the heart of the action, you'll get to capitalize on the power of networking. Imagine being surrounded by an array of incubators, growth capital investors, local regulatory experts, insurance providers, large corporations and a community of clinical experts, all available to help you accelerate your business. It's happening right in the middle of our hospital district, located in the center of Strasbourg.

engineers, application developers,...)

THE UNIVERSITY OF STRASBOURG

Strasbourg is the most international
region in France, after Paris. We have
51,000 students, 20% of whom are
international, and a range educational
programs that cover every major field.
The University of Strasbourg has 2000
partnerships with over 750 universities
in 95 countries and is a co-founder of
the European campus, EUCOR.

European healthcare hub

Nextmed is located in Strasbourg, in the centre of Europe less than two hour away from Basel in Switzerland, Paris in France, Stuttgart in Germany, Brussels in Belgium.

Strasbourg is the constitutional European capital and a major hub of influence as well as a door to the European market: a market of over

370 million people. In addition, our region is seeing it's population age and therefore the healthcare challenges that need to be solved are heightened which is why we want to welcome you in nextmed. Join a thriving European healthcare ecosystem and our vision for a better healthcare for all and more.

A city where health and wellbeing comes first

In Strasbourg, we enjoy a great and safe lifestyle. Our universities are renown. You can enjoy a limitless

number of restaurants, culture, entertainment, night life and nature. On the weekends you will be able to visit close by attractions: From the Vosges mountains, Black Forest or Alps to great nearby cities across Europe only a few hours away by flight. You will also find the best entertainment park in the world, 35 minutes away by car; Europapark. Our city is affordable and proactive when it comes to sustainable lifestyles.

We foster a green and innovation economy. We aspire to influence the rest of the world.
